SANIPOWER

PART # 26402F2

SANIPOWER, is a sanitary cleaner for periodical use, and suitable for floors, walls, lavatory pans, public lavatories, wash basins and so on. It is a concentrated product and very economical to use. Sanipower effortlessly removes scale, corrosion and other filthiness and also works against bacteria and leaves a fresh odour.

SANIPOWER is often used by the restaurant and catering industry, factories, swimming-baths and other sanitary places. To be short, there were the highest hygienically demands made.

Directions for use:

Depending of the cleaning method, bring the solution on by sponge, bristle or mop and then absorb the dirt. Afterwards clean with a cloth. If used on floors, rinse with water.

Safety :

To avoid any irritations, we advise people with a sensitive skin, to wear protective clothing. Don't use Sanipower on acid sensitive materials like marble, travetin, aluminum and so on.

For a perfect dosage you use a dosage pump or system.
